New claim 2 overcomes the earlier rejection under 35 U.S.C. 112, paragraph two to cancelled claim 1.

The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

Claim 2 is rejected under 35 U.S.C. 103(a) as being unpatentable over MEDLINE AN 92210058 for the reasons given in Paper No. 7 to the rejection over claim 1.

Applicant's argument that the reference contains no suggestion of a respiratory infectious disease preventing amount is not persuasive, since applicant has not shown that the instant amount differs over the mucolytic dosage.

Applicant's argument regarding intended use is not persuasive, since intended use is not patentable in a composition claim. If the intent is to claim the new method of use, then the claim should be directed to a method of use of the compound of formula (1).

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the

shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
